INFORMATION AND INSTRUCTIONS TO TENDERERS

INFORMATION AND INSTRUCTIONS TO TENDERERS

1. **Scope of Work:**

- 1.1 The brief description of work to be carried out and its scope are given in the General Condition of Contract and the "**Special Conditions of Contract**" of these documents.

2. **Site Inspection and Information:**

- 2.1 The tenderer must obtain for himself on his own responsibility and at his own expenses all the information which may be necessary for the purpose of making a tender and for entering into a contract and must examine the Drawings, inspect the site of the work and acquaint himself with all the information about all the local conditions, means of access to the work, nature of the work and all matters pertaining thereto.

- 2.2 Access to the Site will be given during the Tender period by appointment on application to the **The General Manager & Zonal Head, Chennai Zone, Baroda Pride, New No:41, Luz Church Road, Mylapore, Chennai 600 004.** The tenderer shall ascertain the location, size and condition of the areas available for his use as working areas and all other information affecting this Tender.

- 2.3 The Employer will not be responsible and will not reimburse any expenses which may be incurred or losses to person or property suffered by any Tenderer in connection with visits to and examination of the site and in the preparation of his tender for submission.

- 2.4 The tenderers should note that information, if any, as regards to the site and local conditions, as contained in these tender documents has been given merely to assist the tenderers and is not deemed to be complete.

- 2.5 The tenderers should note and bear in mind that the Employer shall bear no responsibility for the lack of acquaintance of the site and other conditions or any information relating thereto, on their part. The consequences of the lack of any knowledge, as aforesaid, on the part of the tenderers shall be at their risk and cost and no charges or claims whatsoever consequent upon the lack of any information, knowledge or understanding shall be entertained or payable by the Employer either during tender stage or during the construction period.

3. **Rates & Discrepancies etc:**

- 3.1 The contractor shall quote the rate after careful examination of Tender documents & drawings.

- 3.2 The tenderers shall quote the rates both in figures and words. If some discrepancies are found between the rates quoted in figures and words, the following procedure shall be adopted for checking and arithmetic calculation :

- i) When there is difference between the rates in figures and words, the rates, which correspond to the amount worked out by the tenderer, shall be taken as correct.
- ii) When the rates quoted by the tenderer in figures and words tally but amount is incorrect, the rate quoted by the tenderer in words shall be taken as correct.
- iii) When it is not possible to ascertain the correct rate by either of the above methods, the rates quoted in words shall be taken as correct.
- iv) All erasures and alterations made while filling the tender must be attested by initials of the tenderer. Overwriting of figures is not permitted and failure to comply with either of these conditions will render the tender void at the Employer's option. No advice of any change in rate or conditions after opening of the tender will be entertained.
- v) In case the contractor has not quoted both rate and amount for any of the item, then such tender will be summarily rejected.

3.3 The Contractor shall not be entitled to any compensation for any loss suffered by him on account of delays, in commencing or executing the work, whatever the cause of delays maybe, including delays arising out of modifications to the work entrusted to him or in any sub- contract connected therewith or delays in awarding contracts for other trades of the project or in commencement of completion of such works or in procuring Government controlled or other building materials or in obtaining water and power connections for construction purposes or for any claim in respect thereof. The Employer does not accept liability for any sum towards loss of overheads & profits of the contractor besides the accepted amount, subject to such variations as are provided for herein or as deemed fit to Employer. However, necessary time extension will be allowed if the delay is not attributable to contractor.

3.4 The Tenderers shall before tendering carefully examine the Tender Documents including these Informations & Instructions to Tenderers, General Conditions of Contract, Special Conditions of Contract, General Particulars & Requirements to Specifications, Detailed Specification, Drawings and other matters referred to therein, the Schedules and the Bill of Quantities and if there should be or appear to be any ambiguity in / or discrepancy between any of these documents or between figured and measured dimensions and other aspects upon the Drawings, he shall immediately refer the matter to the Employer / Architect **for clarification before submission of Tender. However, in case of any discrepancies between Drawings, Specifications and B.O.Q. items, B.O.Q. item shall supersede the others for quoting of rates.**

4.0 Forms & Documents :

- i) The tenderer must use only the forms issued by the Employer to fill the rates.
- ii) The Tender Form and the documents attached to it shall not be detached one from the other, and no alteration or mutilation (other than filling in all the blank spaces) shall be made in any of the documents attached hereto.
- iii) All documents of the tender are to be read in conjunction with each other and rates quoted by the tenderer shall take this aspect into consideration.

5.0 Signing of Documents :

- i) Each page of the tender documents should be signed by the person or persons submitting the tender in token of his / their having acquainted himself / themselves with the General Conditions of Contract, Specifications, Special Conditions, etc., as laid down. Any tender with any of the documents not signed will likely be rejected.
- ii) The tender submitted on behalf of a firm shall be signed by all the partners of the firmor by a person who has the necessary authority on behalf of the firm to enter into the proposed contract. Otherwise, the tender may be rejected by the Employer.
- iii) Tender shall contain full address, Telephone Nos., Fax No. for serving notices / addendums required to be served to the Tenderer in connection with the Tender.
- iv) Power of Attorney in the name of person(s) who has / have signed the tender document.

6.0 The Tender shall accompany the following information and documents:

- a) A detailed programme in the form of Bar chart showing the sequence of operation together with the estimated time for major activities.
- b) Full details of any special methodology or technique the Tenderer proposes to use for the construction or for any other purpose.
- c) List of Proposed Technical man-power including their qualification & experience.
- d) List of proposed specialized contractors / associate if any, along with their credentials in respect to the trades of works together with their address.

If at any time any error in this respect shall appear during the progress of the works or within the defects liability period the Contractor shall, if so required, at his own expense rectify such error to the satisfaction of the Architect.

16. (i) **Quality of Materials & Workmanship & Test**

All materials and workmanship shall be the best of the respective kinds described in the Contract and in accordance with the Architect's instructions and shall be subjected from time to time to such tests as the Architect may direct at the place of manufacture or fabrication or on the Site or at Government recognized / any approved testing laboratory.

The Contractor shall upon the instruction of the Architect furnish him with documentation to prove that the materials and goods comply with the requirements of contract and for requirement stated above. The Architect may issue instruction in regard to removal of material from site or any work, if these are not in accordance with the Contract. The Contractor shall provide such assistance instruments, machinery, labour and materials as are normally required for examining, measuring, sampling and testing any material or part of work before incorporation in the Works for testing as may be selected and required by the Architect.

(ii) **Samples**

All samples of adequate numbers, sizes, shades & pattern as per specification shall be supplied by the Contractor without any extra charge. Apart from adhering to any special provision made in the specifications regarding submission of samples the contractor shall provide to the Architect samples along with the detailed literature of all materials he proposes to use in the building irrespective of the fact that a specific make / material might have been stipulated at least before-10-days of their incorporation in work. If certain items proposed to be used are of such nature that samples cannot be presented or prepared at the site, detailed literature / test certificate of the same shall be provided instead to the satisfaction of the Architect. Before submitting the samples / literature the contractor shall satisfy himself that the material / equipment for which he is submitting the samples / literature meet with the requirement of the specification. The Architect shall check the samples and give his comments and / or approval to the same. Only when the samples are approved in writing by the Architect, the contractor shall proceed with the procurement and installation of the particular material / equipment. The approved samples shall be signed by the Architect for identification and shall be kept on record at site office until the completion and acceptance of the work and shall be available at the site for inspection / comparison at any time. The contractor shall keep with him a duplicate of such samples to enable him to process the matter.

For items of work where the samples are to be made at the site, the same procedure shall be followed. All such samples shall be prepared at a place where it can be left undisturbed until the completion of the project.

The Architect shall communicate his comments / approval to the Contractor to the samples at his earliest convenience. Any delay that might occur in approving of the samples for reasons of its not meeting with the specifications or other discrepancies, inadequacy in furnishing samples of best qualities from various manufacturers and such other aspects causing delay on the approval of the materials / equipments, etc. shall be to the account of the contractor. In this respect the decision of the Architect shall be final.

On delivery of the supplies of materials / equipment for permanent works at the site, the contractor shall specifically arrange to get the supply inspected by the Architect and compared with the approved sample and his specific approval obtained before using the same in the work.

(iii) Inspection & Testing During Manufacture

The Architect shall be entitled during manufacture to inspect, examine and test on the Contractor's premises during working hours the materials and workmanship and check the progress of manufacture of all fabrication materials to be supplied under the Contract, and if part of the said materials is being manufactured on other premises the Contractor shall obtain for the Architect permission to inspect, examine and test as if the said Plant were being manufactured on the Contractor's premises. Such inspection, examination or testing if made shall not relieve the Contractor from any obligation under the Contract.

(iv) Dates for Inspection & Testing

The Contractor shall agree with the Architect the date on and the place at which any plant / works will be ready for testing as provided in the Contract and unless the Architect shall attend at the place so named on the date agreed the Contractor may proceed with the tests, which shall be deemed to have been made in the Architect's presence, and shall forthwith forward to the Architect duly certified copies of the test readings. The Architect shall give the Contractor -24-hours' notice in writing of his intention to attend the tests.

(v) Facilities for Testing at Manufacturer's Works

Where the Contract provides for tests on the premises of the Contractor or of any sub-contractor the Contractor shall provide such assistance, labour, materials, electricity, fuel, stores, apparatus and instruments as may be requisite and as may be reasonably demanded to carry out such tests efficiently.

(vi) Certificate of Testing

As and when fabrication materials shall pass the tests referred in this, the Architect shall furnish to the Contractor a certificate in writing to that effect.

(vii) Rejection

If as a result of such inspection, examination or test of the works the Architect shall decide that such material is defective or not in accordance with the Contract he shall notify the Contractor accordingly stating in writing his objection and reasons therefore. The Contractor shall with all speed make good the defect or ensure that the material complies with the Contract. Thereafter, if required by the Architect, the tests shall be repeated under the same terms and conditions and that all reasonable expenses to which the Employer may be put by the repetition of the tests shall be deducted from the Contract Sum.

(viii) Delivery of Materials & Equipment

Unless the Architect shall otherwise direct, no material shall be delivered to site until the Architect shall have issued, in respect of such material, a certificate under **Clause no.17** above. Likewise Fabrication Materials or Contractor's Equipment shall be delivered to Site only upon an authorization in writing applied for and obtained by the Contractor from the Architect.

The Contractor shall be responsible for the reception on site of all Materials and Contractor's Equipment delivered for the purposes of the Contract.

(ix) Inspection & Testing and Re-inspection & Retesting

All deficiencies revealed by testing and inspection shall be rectified by the Contractor at his own expense and to the satisfaction and approval of the Architect. Rectified components shall be subject to retesting and reinspection.

(x) Inspection Reports

The Contractor shall provide the Architect with 3 copies of reports of all inspections and tests.

(xi) Cost of Tests

The cost of making any test shall be borne by the Contractor if such test is intended by or provided for in the Specification or Bill of Quantities or required as per standard practice of the trade / BIS.

(xii) Costs of Tests not provided for, etc.

If any test is ordered by the Architect which is either

- (a) Not so intended by or provided for or not required as per standard practice / BIS.
- (b) (in the cases above mentioned) is not so particularised, or
- (c) though so intended or provided for but ordered by the Architect to be carried out by an independent person authorized by Architect at any place other than the site or the place of manufacture / fabrication and shows the materials, plants not to be in accordance with the provision of contract then the cost of such test shall be borne by the Contractor.

17. Absence of Specification

If the specifications do not contain particulars of materials and works which are obviously necessary for the proper completion of the works, and the intention to include, which is inferred, all such materials and works shall be supplied and executed by the Contractor without extra charge. If the Contractor requires additional information, he shall request in writing well in advance to commencement of the particular work to the Architect who will issue such detailed information as necessary within a reasonable time. Generally, in absence of any specification BIS code, CPWD and PWD Specification shall be followed in order of preference.

18. Obtaining Informations Related to Execution of Work

No claim by the contractor for additional payment will be entertained which is consequent upon failure on his part to obtain correct information as to any matter affecting the execution of the works, nor will any misunderstandings or the obtaining of incorrect information or the failure to obtain correct information relieve him from any risks or from the entire responsibility for the fulfillment of the contract.

19. Contractor's Superintendence

The Contractor shall give all necessary personal superintendence during the execution of the works, and as long, thereafter, as the Architect may consider necessary until the expiry of the "Defects Liability Period" stated hereto.

20. Access for Inspection

The Employer, Architect, Architect and their respective representatives shall at all reasonable times have free access to the work and / or to the workshops, factories or other places where materials are lying or from which they are being obtained and the Contractor shall give to the Employer, Architect, the Architect and their representatives every facility necessary for checking measurements, inspection and examination and test of the materials and workmanship. No person not authorized by the Employer, Architect or the Architect except the representatives of public authorities shall be allowed on the works at any time.

21. (i) **Examination of Work Before Covering Up**

No work shall be covered up or put out of view without the approval of the Architect and the Contractor shall afford full opportunity for the Architect to examine and measure any work which is about to be covered up or put out of view and to examine foundations before permanent work is placed thereon. The Contractor shall give due notice to the Architect of any such work or are ready or about to be ready for examination and the Architect shall without unreasonable delay, unless he considers it unnecessary and advises the Contractor accordingly, attend for the purpose of examining and measuring such work or for examining such foundations.

(ii) **Uncovering and making openings**

The Contractor shall uncover any part or parts of the Works or make openings in or through the same as the Architect may from time to time direct and shall reinstate and make good such part or parts to the satisfaction of the Architect. If any such part or parts have been covered up or put out of view after compliance with the requirements of sub-clause (i) of this Clause and are found to be executed in accordance with the contract the expenses of uncovering, making openings in or through reinstating and making good the same shall be borne by the Employer but in any other case all such expenses shall be borne by the Contractor and shall be recoverable from him by the Employer or may be deducted by the Employer from any monies due or which may become due to the Contractor.

23.(i) **Assignment**

The whole of the works included in the contract shall be executed by the Contractor and the Contractor shall not directly or indirectly transfer, assign or sublet the contract or any part / share thereof or any interest therein without the prior written consent of the Employer & no undertaking shall relieve the Contractor from the full & entire responsibility of the contract or from active superintendence of the works during their progress.

(ii) **Work is to be Carried Out to the Satisfaction of Employer / Architect**

The Contractor shall carry out all the works strictly in accordance with Drawings, detailed Specifications and instructions of the Architect. If in the opinion of the Employer or EIC changes have to be made in the works the Contractor shall carry out the same, and payment, if any, arising out of these shall be made as per the terms of the contract.

(iii) **Removal of Improper Work & Materials**

The Architect shall, during the progress of the works, have power to order in writing from time to time the removal from the works within such reasonable time or times as may be specified in the order, of any materials which in the opinion of the Architect are not in accordance with the Specifications or the instructions of the Architect, the substitution of proper materials, and the removal and proper re-execution of any work executed with materials or workmanship not in accordance with the Drawings and Specifications or instructions, and the Contractor shall forthwith carry out such order at his own cost. In case of default on the part of the Contractor to carry out such order, the Employer shall have the power to employ and pay other persons to carry out the same, and all expenses consequent thereon, or incidental thereto, as certified by the Architect shall be borne by the Contractor, or may be deducted by the Employer from any monies due, or that may become due, to the Contractor.

(iv) Urgent Repairs

If by reason of any accident or failure or other event occurring to in or in connection with the Works, or any part thereof, either during the execution of the Works or during the Period of Defect Liability / Maintenance any remedial or other work or repair shall, in the opinion of the Architect / Employer or their representative be urgently necessary for security and safety of life for the works or of adjoining property, and the Contractor is unable or unwilling at once to do such work or repair, the Employer may employ his own or other workmen do such work or re-pair, as the Architect / EIC or their representative may consider necessary. If the work or repairs done by the Employer which is in the opinion of the Architect, the Contractor was liable to do at his own expense under the Contract, all costs and charges incurred by the Employer in so doing shall on demand be paid by the Contractor to the Employer or may be deducted by the Employer from any amount due or which may become due to the Contractor. Provided always that the Architect or the Architect's representative (as the case may be) shall, as soon after the occurrence of any such emergency, as may be reasonably practicable notify, the Contractor thereof in writing.

(v) Default of Contractor in Compliance

If the Contractor after receipt of written notice from the Architect / EIC requiring compliance within ten days fails to comply with such further drawings and / or Architect's instructions the

Employer may employ and pay other persons to execute any such work whatsoever that may be necessary to give effect thereto, and all costs incurred in connection therewith shall be recoverable from the Contractor by the Employer on the Certificate of the Architect as a debt or may be deducted by him from any moneys due to the Contractor.

24. (i) Production of Vouchers, Etc.

The Contractor shall when required by the Employer / Architect produce all quotations, invoices, vouchers and accounts or receipts in connection with expenditure in respect of Prime Cost items.

(ii) Nominated Specialist Agencies / Objection to Nomination

No subletting of work is permitted. Any Specialists, Merchants, Tradesman and others executing any work of supplying and fixing any goods for which prime cost items or provisional sums are included in the Bill of Quantities and / or Specification who may be nominated or selected by the Architect are hereby declared to be sub-Contractors employed by the Contractor and are herein referred to as nominated Sub-Contractors.

No nominated Sub-Contractor shall be employed on or in connection with the works against whom the Contractor shall make reasonable objection or who will not enter into a contract providing:

- (a) That the nominated Sub-Contractor shall indemnify the Contractor against the same obligations in respect of the Sub-Contract as the Contractor is under in respect of this contract.
- (b) That the nominated Sub-Contractor shall indemnify the Contractor against claims in respect of any negligence by the Sub-Contractor, his servants or agents or any misuse by him or them of any scaffolding or other plant, the property of the Contractor or under any Workmen's Compensation Act in force.

- (c) Payment shall be made to the nominated Sub-Contractor by the contractor within fourteen days of his receipt of payment from the Employer provided that before any Certificate is issued, the Contractor shall upon request furnish to the Architect proof that all nominated Sub-Contractor's accounts included in previous certificates have been duly discharged, in default whereof the Employer may pay the same upon a Certificate of the Architect and deduct the amount thereof from any sums due to the Contractor. The exercise of this power shall not create privity of contract as between Employer and Sub-Contractor.

25. Quantities and Variation

- i) The Bill of Quantities (BOQ), unless otherwise stated shall be deemed to have been prepared in accordance with the Indian Standard Method of Measurement and quantities in B.O.Q. are to be considered as estimated and not accurate. The rates quoted shall remain valid for variation of quantity against each individual item by + 25%.
- ii) Variation Exceeding 25% of Tender Quantity : When the quantity of any item varies by + 25% of Tender Quantity, the rate for such item of works will be determined on the basis Cl. No. 29 (c) hereof or as decided by the Employer / EIC. No compensation for deletion or non-execution of item will be considered.

26. Works to be measured

Architect may from time to time intimate to the Contractor that he requires the works to be measured & the Contractor shall forthwith attend or send a qualified Representative to assist Architect in taking such measurements and calculations and to furnish all particulars or to give all assistance required by any of them. Should the Contractor not attend or neglect or omit to send such Representative, then the measurement taken by Architect or a person approved by him shall be taken to be correct measurements of the works. Such measurements shall be taken in accordance with the Mode of Measurements detailed in the Specifications.

Architect shall take joint measurements with the contractor and the measurements shall be entered in the measurement book / sheet by Architect's representative.

The Contractor or his Representative may at the time of measurement take such notes and measurements as he may require. All authorized extra works, omissions and all variations made without Architect's knowledge, but subsequently sanctioned by him in writing (with the prior approval in writing of the Employer) shall be included in such measurements.

27. Claims for additional expenses

The Contractor shall send to Architect once in every-15-days shall submit an account giving particulars as complete and fully detailed as required of all claims for any additional expenses, to which the Contractor may consider himself entitled and of all extra or additional / substituted work ordered by the Architect which he has executed during the preceding month subject of provisions under relevant clauses of contract hereof, and no claim for payment for any such work will be considered which has not been included in such particulars. Provided always that the Architect shall be entitled to authorize payment to be made for any such work notwithstanding the Contractor's failure to comply with this condition, if the Contractor has, at the earliest practicable opportunity notified the Architect in writing that he intends to make a claim for such work and thereafter send complete and detailed particulars of the claim to the Architect as directed by the Architect but not later than-5- days from the date of notification of his claim.

28. Variations

Any alteration, omission or variation ordered in writing by the Architect shall not vitiate this contract. In case the Architect / EIC think proper at any time during the progress of the works to make any alterations in, or additions to or omissions from, the works or any alteration in the kind or quality of the materials to be used therein, the Architect shall give notice thereof in writing to the Contractor or shall confirm in writing within seven days of giving any such oral instructions. The Contractor shall alter, add to, or omit from, as the case may be, in accordance with such notice, but the Contractor shall not do any work extra to or make any alterations or additions or omissions from the works or any deviation from any of the provisions of the Contract, stipulations, Specification or Contract Drawings without the previous consent in writing of the Architect and the value of such extras, alterations, additions or omissions shall in all cases be determined by the Architect in accordance with the provisions of **Clause no. 29** hereof, and the same shall be added to or deducted from the Contract value, as the case may be.

29. Valuation of Variations

No claim for an extra shall be allowed unless it shall have been executed under authority of the Architect with the concurrence of the Employer as herein mentioned. Any such extra is herein referred to as authorised extra and shall be made in accordance with the following provisions.

- (a) Rates for all extra items, wherever possible, should be derived out of the accepted tender rates. The accepted net rates or prices in the contract shall determine the valuation of the extra work where such extra work is of similar character and executed under similar conditions as the work priced herein.
- (b) Where the extra works are not of similar character and / or not executed under similar conditions as aforesaid or where the omissions vary the conditions under which any remaining items or works are carried out, then the contractor shall within 3 days of the date of receipt of order to carry out the work, inform the Architect of the rate which he intends to charge for such items of work, supported by analysis of the rate or rates claimed and the Architect shall fix such rate or prices as in the circumstances in his opinion are reasonable and proper, based on the verification of market rate.
- (c) It is further clarified that for all such authorized extra items where rates cannot be derived from accepted tender rates, the Contractors shall submit rates supported by rate analysis worked on the "market rate basis", for material including all taxes, octroi and delivery at site, labour, hire / running charges of equipment and wastages etc. plus 20% towards establishment charges including water & electricity, contractor's overheads & profit, GST or like. In case of variation in items of works, which are subcontracted to specialist agencies, specialist agencies' profit and overhead is deemed to be included in above stated 20%. **Items derived from market rates shall not be eligible for escalation.**

The measurement and valuation in respect of the Contract shall be completed within the "Period of Final Measurement" stated in the Appendix.

30. Security Deposit / Retention Money

For due fulfillment of the contract by the Contractor, 8% of the value of each Interim Bill will be retained by the Employer towards Retention Money until the total Security Deposit including Initial Security Deposit amounts to 5% of the Contract Value or Actual Value of work whichever is higher. **If Contractor submits the BG of equivalent amount to total security deposit i.e. 10% of the contract value (which includes EMD+ Initial Security Deposit + Retention Money) from nationalized/scheduled Bank within 14 days of issue of letter of Acceptance / Work Order. There will not be any deduction towards retention money from their RA Bills. The Bank Guarantee should be valid till virtual completion certificate and shall be extended for a period of 10 years before the release of final payment.**

(or)

100 % of retention money upon issue of certificate of virtual completion shall be released on submission of Bank Guarantee for an amount of 10% of completed work for a period of-10-years.The amounts retained by the Employer shall not bear any interest.

All compensation or other sums of money payable by the Contractor to the Employer under the terms of this contract may be deducted from the security deposit if the amount so permits and the Contractor shall, unless such deposit has become otherwise payable, within ten days after such deduction make good in cash the amount so deducted. The security deposit of the contractor will be forfeited if he fails to comply with any of the conditions of the contract

31. Certificates & Payment

(i) Interim Bill

- (a) The Contractor shall be paid by the Employer from time to time by installments under Interim Certificate to be issued by the Architect to the Contractor on account of the works executed when in the opinion of the Architect, work to the approximate value named in the Appendix to Form of Tender "Minimum value of Work for Interim Certificate" (or less at the sole discretion of the Architect /Employer) has been executed in accordance with this contract, subject to a retention of the percentage of such value named in the Appendix to form of tender hereto as 'Retention Percentage for Interim Certificate' until the total amount retained shall reach the sum named in the Appendix to form of tender as 'Security Deposit'.
- b) The contractor shall be paid only one Interim bill satisfying the minimum value of work, which shall include work done.
- c) After submission of bill along with complete information, vouchers, etc. to the satisfaction of the Architect and after making necessary deductions TDS, GST TDS, TCS and other recoveries deductible at source, the bill will be paid as follows:
 - i) An adhoc payment of 75% of the value of work done as assessed by the Architect and vetted by EIC/Architect shall be released within 10 working days by the Employer, after certification by the Architect/Architect who will certify within reasonable period from submission of Bill with necessary vouchers, documents etc.
 - ii) Balance amount shall be certified by the Architect/Architect on submission of bill and payment shall be released by the Employer within-15-working days of certificate receipt from the Architect.

-
- d) All Interim Bill payment shall be regarded as payment by way of advance against the final payment only & not as payment for the work actually done.
 - e) All payments under this Clause will be released after due checking & verification by Employer/Architect.
 - f) Pending consideration of extension of date of completion, interim payment shall continue to be made as herein provided, without prejudice to the right of the employer to take action under the terms of the contract for delay in the completion of work, if the extension of date of completion is not granted by the competent authority.

(ii) Payment Break-up

a) Water-proofing works :

Payment shall be made on completion of all works under the relevant items as specified in B.O.Q. However, Architect at his discretion can certify part payment of any item as deemed fit to him considering the balance work to be carried out for the item.

(iii) Final Bill

- a) The Contractor shall submit final bill within-15-days from the date of issue of virtual completion certificate with all relevant information and details, documents as-built drawing etc. complete.
- b) The Architect within-15- days of submission of the final bill shall issue a certificate of payment against the final bill to the Employer who shall thereupon, within-15-days from the date of receipt of the certificate, shall release the balance payment to the contractor after effecting all recoveries, including advances and payments against interim certificates.
- (c) The Architect / Employer shall have power to withhold Certification if the works or any parts thereof are not being carried out to his satisfaction.
- (d) The Architect / Employer may by any Certificate make any correction in any previous Certificate, which shall have been issued by him.
- (e) No payment shall be made to the Contractor if the Contractor fails to insure the works and keep them insured till the issue of the Virtual Completion Certificate.

32. Time for Completion

The entire work is to be completed in all respects within-**60-days** from the Date of Commencement as stated in Appendix to "Form of Tender" or such extended time as may be allowed under **Clause no. 33** hereof. Time is the essence of the contract and shall be strictly observed by the contractor.

If required in the contract or as directed by the Architect / Employer, the contractor shall complete certain portion of the work before the completion of the whole of the work. However the completion date for whole of the work shall not change for above.

33. Extension of Time for Completion

- i. If the Contractor needs an extension of time for the completion of the work or if the completion of work is likely to be delayed for any reasons beyond the due date of completion stipulated in the contract, the Contractor shall apply to the Employer for extension of time in writing at least-5-days before the expiry of the scheduled time and while applying for extension of time, Contractor shall furnish the reasons in detail and his justification, if any, for the delays and a revised program for completion.
- ii. If in the opinion of the Architect the works be delayed for reasons beyond the control of the contractor, the Architect with due consultation with Employer may make a fair and reasonable extension of time for completion of the contract works such time extension will be said as "Authorized Time Extension" which will not qualify for levy of liquidated damages.
- iii. If the works be delayed beyond the authorized time extension, the Architect with due consultation with Employer may allow extension of time for completion of contract works but with levy of Liquidated damage as stated under **Clause no. 37**.

Further, the contract shall remain in force even for the period beyond the due date of completion irrespective whether the extension is granted or not.

- iv. The contractor shall be bound to extend validity of all insurance covers, Bank Guarantees and keep in force till such period of completion as may be considered necessary at contract cost.

34. Virtual Completion Certificate

Virtual Completion of works means the completion of whole of the work substantially in all respects including all types of testing, obtaining all necessary statutory approvals and is fit for occupation. The works shall not be considered as completed until the Architect in Consultation with Employer has certified in writing that they have been virtually completed. The Defects Liability Period shall commence from the date of virtual completion as certified by the Architect.

35. Approval Only by No Dues Certificate

(i) Final Completion Certificate

On successful completion of entire works covered by the Contract to the full satisfaction of Employer / Architect, the Contractor shall ensure that the following works have been completed to the satisfaction of Architect : (a) clear the site of all scaffolding, wiring, pipes, surplus materials, Contractor's labour, equipment and machinery (b) demolish, dismantle and remove all Contractor's site offices and other temporary works, structures & constructions and other items and things whatsoever brought upon or erected at the site or any land allotted to the Contractor by the Owner and not incorporated in the permanent works (c) remove all rubbish, debris etc. from the site and the land allotted to Contractor and shall clear, level and dress, compact the site as required and said land to the satisfaction of the Architect (d) shall put the Owner in undisputed custody and possession of the site and all land allotted by the Owner to the Contractor (e) All defects/ imperfections have been attended & rectified to full satisfaction of the Architect during the Defect Liability Period.

Unless the Contractor shall have fulfilled the provisions of the clause, the works shall not be deemed to have been completed.

Upon the satisfactory fulfillment by Contractor as stated above, the Contractor shall be entitled to apply to the Architect for a Final Completion Certificate in respect of the entire work.

If the Architect is satisfied of the completion of the work relative to which the Completion Certificate has been sought, the Architect shall within **7-(seven) days** of the receipt of the application for Completion Certificate, issue a Completion Certificate in respect of the works for which the Completion Certificate has been applied.

This issuance of a Completion Certificate shall be without prejudice to the Employer's rights and Contractor's liabilities under the Contract, including the Contractor's liability for the Defect Liability Period nor shall the issuance of a Completion Certificate in respect of the works or work at any site be construed as a waiver of any right or claim of the Employer against the Contractor in respect of work or the works at the site and in respect of which the Final Completion Certificate has been issued.

(ii) No Dues Certificate

The Contract shall remain valid and shall remain incomplete until no dues Certificate shall have been signed by the Architect and delivered to the Employer with a copy to the contractor. Such a certificate shall be given by the Architect within 30 days of completion of defects liability period (the last period to be considered if different periods to be considered if different parts of the work) or within 30 days from the date of payment of final bill whichever is later.

36. Defect Liability Period

Any defect, shrinkage, settlement or other faults which may appear within the "Defects Liability Period" stated in the Appendix hereto or, if none stated, then within 366 days after the date of the virtual completion of the works as certified by the Architect, arising in the opinion of the Architect from materials or workmanship not in accordance with the contract, shall upon the direction in writing of the Architect, and within such reasonable time as shall be specified therein, be amended and made good by the Contractor, at his own cost and in case of default the Employer may employ and pay other persons to amend and make good such defects, shrinkage, settlements or other faults, and all damages, loss and expenses consequent thereon or incidental thereto shall be made good and borne by the Contractor and such damage, loss and expenses shall be recoverable from him by the Employer or may be deducted by the Employer, upon the Architect's Certificate in writing, from any money due or that may become due to the Contractor, or the Employer may in lieu of such amending and making good by the Contractor deduct from any monies due to the Contractor, a sum, to be determined by the Architect equivalent to the cost of amending such work and in the event of the amount retained under **Clause no. 30** hereof being insufficient, recover the balance from the Contractor, together with any expenses the Employer may have incurred in connection therewith. Should any defective work have been done or material supplied by any Specialist Agencies employed on the works who has been nominated or approved by the Architect, the Contractor shall be liable to make good in the same manner as if such work or material had been done or supplied by the Contractor and been subject to the

provisions of this Clause and **Clause no. 23 (ii)** hereof. The Contractor shall remain liable under the provisions of this Clause notwithstanding the signing of any certificate or the passing of any accounts, by the Architect. The Contractor will not be responsible for defects arising out of fair wear & tear & damage caused by Employer's personnel during the use of the building after being occupied.

37. Liquidated Damages for Delay

If the Contractor fails to complete the works by the period stated in the Appendix or within any authorized extended time under **Clause no. 33** hereof and the Architect with due Consultation with Employer certifies in writing that in his opinion the same ought to have been reasonably completed by the original completion date or authorized extended completion date, as the case may be, the Contractor shall pay the Employer the sum named in the Appendix to Form of Tender as "Liquidated Damages" for the period during which the said works shall so remain incomplete or the Employer may deduct such damages from any monies due to the Contractor.

38. (i) Default of Contractor

If the Contractor being an individual or a firm, commits any "Act of insolvency" or shall be adjudged as insolvent or being an incorporated Company shall have an order for compulsory winding up or applies for voluntary winding up or subject to the supervision of the court and of the official Assignee or the Liquidator in such acts of insolvency or winding up shall be unable within seven days after notice to him requiring him to do so, to show to the reasonable satisfaction of the / Architect that he is able to carry out and fulfill the Contract, and to give security therefore, if so required by the / Architect

- i) Or if the contractor (whether an individual; firm or incorporated company) shall suffer execution to be issued, or shall suffer any payment under this contract. To be attached by or on behalf of any of the creditors of the Contract.
- ii) Or shall assign or sub-let the Contract without the consent in writing of the / Architect / Employer first obtained.
- iii) Or shall charge or encumber this Contract or any payments due or which might become due to the Contract or any payments due or which might become due to the Contractor there under.
- iv) Or if the / Architect shall certify in writing to the Employer that the Contractor
 - a) has abandoned the Contract, or
 - b) has failed to commence the works, or has without any lawful excuse under these conditions suspended the progress of the works for seven days after receiving from the written notice to proceed, or
 - c) has failed to proceed with the works with such due diligence and failed to make such due progress as would enable the works to be complete with the time agreed upon, or
 - d) has failed to remove materials from the site or to pull down and replace work for seven days after receiving from the written notice that the said materials or work were condemned and rejected by the under these conditions, or

-
- e) has neglected or failed persistently to observe and perform all or any of the acts, matters or things by this Contract to be observed and performed. By the Contractor for seven days after written notice shall have been given to the Contractor requiring the Contractor to observe or perform the same or
 - f) has to the detriment of good workmanship or in defiance of the instruction to the contrary sublet any part of the Contract.

Then in any of the said cases the Employer may notwithstanding any previous waiver, after giving seven days notice in writing to the Contractor, determine the Contract but without thereby affecting the powers of Architect, or the obligations and liabilities of the Contractor, the whole of which shall continue in force as fully as if Contract has not been determined and as if the works subsequently executed had been executed by or on behalf of the Contractor. And further, the Employer, may enter upon and take possession of the work and all plant, tools, scaffoldings, sheds, machinery, seam and other power utensils and material lying upon the premises or the adjoining lands or roads and use the same as his own property or may employ the same by means of his own servants and workmen carrying on and completing the works and the Contractor shall not in any way interrupt or do any act, matter or things to prevent or hinder such other contractor or other person or persons employed for completing and finishing or using the materials and plant for the works.
