## 6. Conditions of registration

---

Effective 1 July 2022, the Reserve Bank of New Zealand (RBNZ) issued changes related to the removal of Covid-19 dividend restrictions and typographical corrections within BS13A (Liquid Assets Annex).

Effective 1 June 2023, the Reserve Bank of New Zealand issued changes related to LVR restrictions.

Effective 1 October 2023, the Reserve Bank of New Zealand issued changes to incorporate decisions relating to Mutual Capital Instruments, Risk weights Omnibus consultation and connected exposures.

Effective 1 April 2024, the Reserve Bank of New Zealand issued to implement changes related to Connected Exposures and risk weights for residential mortgage loans underwritten by Kāinga Ora. These conditions apply on and after 1 April 2024.

The registration of Bank of Baroda (New Zealand) Limited ("the bank") as a registered bank is subject to the following conditions:

1. That—
  - (a) the Total capital ratio of the banking group is not less than 8%;
  - (b) the Tier 1 capital ratio of the banking group is not less than 6%;
  - (c) the Common Equity Tier 1 capital ratio of the banking group is not less than 4.5%;
  - (d) the Total capital of the banking group is not less than \$30 million.

For the purposes of this condition of registration, —

"Total capital ratio", "Tier 1 capital ratio", and "Common Equity Tier 1 capital ratio" have the same meaning as in Subpart B2 of BPR100: Capital Adequacy;

"Total capital" has the same meaning as in BPR110: Capital Definitions.

- 1A. That—
  - (a) the bank has an internal capital adequacy assessment process ("ICAAP") that accords with the requirements set out in Part D of BPR100: Capital Adequacy;
  - (b) under its ICAAP the bank identifies and measures its "other material risks" defined in Part D of BPR100: Capital Adequacy; and
  - (c) the bank determines an internal capital allocation for each identified and measured "other material risk".
- 1B. That, if the Prudential Capital Buffer (PCB) ratio of the banking group is 2.5% or less, the bank must—
  - (a) according to the following table, limit the aggregate distributions of the bank's earnings, other than discretionary payments payable to holders of Additional Tier 1 capital instruments, to the percentage limit on distributions that corresponds to the banking group's PCB ratio; and

<b>Banking group's PCB ratio</b>	<b>Percentage limit on distributions of the bank's earnings</b>	<b>Capital Buffer Response Framework stage</b>
0% – 0.5%	0%	Stage 3
>0.5 – 1%	30%	Stage 2
>1 – 2%	60%	Stage 1
>2 – 2.5%	100%	None

- (b) comply with the Capital Buffer Response Framework requirements as set out in Part D of BPR120: Capital Adequacy Process Requirements.

For the purposes of this condition of registration,—

"prudential capital buffer ratio", "distributions", and "earnings" have the same meaning as in Subpart B2 of BPR100: Capital Adequacy;

an Additional Tier 1 capital instrument is an instrument that meets the requirements of B2.2(2)(a), (c) or (d) of BPR110: Capital Definitions.

- 1BA. That the bank must not make any distribution on a transitional AT1 capital instrument on or after the date on which on any conversion or write-off provision in the terms and conditions of the instrument is triggered due to either a loss absorption trigger event or a non-viability trigger event.

For the purposes of this condition of registration, "transitional AT1 capital instrument" has the meaning given in section A2.3 of BPR110: Capital Definitions and "loss absorption trigger event" and "non-viability trigger event" have the meanings given in sub-section C2.2(3) of BPR120: Capital Adequacy Requirements.

- 1C. That:

- (a) the bank must not include the amount of an Additional Tier 1 capital instrument or Tier 2 capital instrument issued on or after 1 July 2021 in the calculation of its capital ratios unless it has completed the notification requirements in Part B of BPR120: Capital Adequacy Process Requirements in respect of the instrument; and
- (b) the bank meets the requirements of Part C of BPR120: Capital Adequacy Process Requirements in respect of regulatory capital instruments.

For the purposes of this condition of registration,—

an Additional Tier 1 capital instrument is an instrument that meets the requirements of subsection B2.2(2)(a) or (c) of BPR110: Capital Definitions;

a Tier 2 capital instrument is an instrument that meets the requirements of subsection B3.2(2)(a) or (c) of BPR110: Capital Definitions.

2. That the banking group does not conduct any non-financial activities that in aggregate are material relative to its total activities.

In this condition of registration, the meaning of "material" is based on generally accepted accounting practice.

3. That the banking group's insurance business is not greater than 1% of its total consolidated assets.

For the purposes of this condition of registration, the banking group's insurance business is the sum of the following amounts for entities in the banking group:

- (a) if the business of an entity predominantly consists of insurance business and the entity is not a subsidiary of another entity in the banking group whose business predominantly consists of insurance business, the amount of the insurance business to sum is the total consolidated assets of the group headed by the entity; and

- (b) if the entity conducts insurance business and its business does not predominantly consist of insurance business and the entity is not a subsidiary of another entity in the banking group whose business predominantly consists of insurance business, the amount of the insurance business to sum is the total liabilities relating to the entity's insurance business plus the equity retained by the entity to meet the solvency or financial soundness needs of its insurance business.

In determining the total amount of the banking group's insurance business—

- (a) all amounts must relate to on balance sheet items only, and must comply with generally accepted accounting practice; and
- (b) if products or assets of which an insurance business is comprised also contain a non-insurance component, the whole of such products or assets must be considered part of the insurance business.

For the purposes of this condition of registration,—

"insurance business" means the undertaking or assumption of liability as an insurer under a contract of insurance;

"insurer" and "contract of insurance" have the same meaning as provided in sections 6 and 7 of the Insurance (Prudential Supervision) Act 2010.

- 4. The bank must comply with all the requirements set out in the following document: BS8 Connected Exposures 1 October 2023.
- 4A. That full year Disclosure Statements are prepared on the basis that clause 6(2)(b), Schedule 14 of the Order does not apply.  
For the purposes of this condition of registration, "Order" means the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order 2014, and "Disclosure Statement" means a disclosure statement to be prepared under the Order.
- 5. That exposures to connected persons are not on more favourable terms (e.g. as relates to such matters as credit assessment, tenor, interest rates, amortisation schedules and requirement for collateral) than corresponding exposures to non-connected persons.
- 6. That the bank complies with the following corporate governance requirements:
  - (a) the board of the bank must have at least five directors;
  - (b) the majority of the board members must be non-executive directors;
  - (c) at least half of the board members must be independent directors;
  - (d) an alternate director,—
    - (i) for a non-executive director must be non-executive; and
    - (ii) for an independent director must be independent;
  - (e) at least half of the independent directors of the bank must be ordinarily resident in New Zealand;
  - (f) the chairperson of the board of the bank must be independent; and
  - (g) the bank's constitution must not include any provision permitting a director, when exercising powers or performing duties as a director, to act other than in what he or she believes is the best interests of the company (i.e. the bank).

For the purposes of this condition of registration, "non-executive" and "independent" have the same meaning as in the Reserve Bank of New Zealand document entitled "Corporate Governance" (BS14) dated July 2014.

7. That no appointment of any director, chief executive officer, or executive who reports or is accountable directly to the chief executive officer, is made in respect of the bank unless:
  - (a) the Reserve Bank has been supplied with a copy of the curriculum vitae of the proposed appointee; and
  - (b) the Reserve Bank has advised that it has no objection to that appointment.
8. That a person must not be appointed as chairperson of the board of the bank unless:
  - (a) the Reserve Bank has been supplied with a copy of the curriculum vitae of the proposed appointee; and
  - (b) the Reserve Bank has advised that it has no objection to that appointment.
9. That the bank has a board audit committee, or other separate board committee covering audit matters, that meets the following requirements:
  - (a) the mandate of the committee must include: ensuring the integrity of the bank's financial controls, reporting systems and internal audit standards;
  - (b) the committee must have at least three members;
  - (c) every member of the committee must be a non-executive director of the bank;
  - (d) the majority of the members of the committee must be independent; and
  - (e) the chairperson of the committee must be independent and must not be the chairperson of the bank.

For the purposes of this condition of registration, "non-executive" and "independent" have the same meaning as in the Reserve Bank of New Zealand document entitled "Corporate Governance" (BS14) dated July 2014.

10. That a substantial proportion of the bank's business is conducted in and from New Zealand.
11. That the banking group complies with the following quantitative requirements for liquidity-risk management:
  - (a) the one-week mismatch ratio of the banking group is not less than zero per cent at the end of each business day;
  - (b) the one-month mismatch ratio of the banking group is not less than zero per cent at the end of each business day; and
  - (c) the one-year core funding ratio of the banking group is not less than 75 per cent at the end of each business day.

For the purposes of this condition of registration, the ratios identified must be calculated in accordance with the Reserve Bank of New Zealand documents entitled "Liquidity Policy" (BS13) dated July 2022 and "Liquidity Policy Annex: Liquid Assets" (BS13A) dated July 2022.

12. That the bank has an internal framework for liquidity risk management that is adequate in the bank's view for managing the bank's liquidity risk at a prudent level, and that, in particular:
  - (a) is clearly documented and communicated to all those in the organisation with responsibility for managing liquidity and liquidity risk;
  - (b) identifies responsibility for approval, oversight and implementation of the framework and policies for liquidity risk management;
  - (c) identifies the principal methods that the bank will use for measuring, monitoring and controlling liquidity risk; and
  - (d) considers the material sources of stress that the bank might face, and prepares the bank to manage stress through a contingency funding plan.

13. That no more than 10% of total assets may be beneficially owned by a SPV.

For the purposes of this condition,—

“total assets” means all assets of the banking group plus any assets held by any SPV that are not included in the banking group’s assets;

“SPV” means a person—

- (a) to whom any member of the banking group has sold, assigned, or otherwise transferred any asset;
- (b) who has granted, or may grant, a security interest in its assets for the benefit of any holder of any covered bond; and
- (c) who carries on no other business except for that necessary or incidental to guarantee the obligations of any member of the banking group under a covered bond:

“covered bond” means a debt security issued by any member of the banking group, for which repayment to holders is guaranteed by a SPV, and investors retain an unsecured claim on the issuer.

14. That—

- (a) no member of the banking group may give effect to a qualifying acquisition or business combination that meets the notification threshold, and does not meet the non-objection threshold, unless:
  - (i) the bank has notified the Reserve Bank in writing of the intended acquisition or business combination and at least 10 working days have passed; and
  - (ii) at the time of notifying the Reserve Bank of the intended acquisition or business combination, the bank provided the Reserve Bank with the information required under the Reserve Bank of New Zealand Banking Supervision Handbook document “Significant Acquisitions Policy” (BS15) dated December 2011; and
- (b) no member of the banking group may give effect to a qualifying acquisition or business combination that meets the non-objection threshold unless:
  - (i) the bank has notified the Reserve Bank in writing of the intended acquisition or business combination;
  - (ii) at the time of notifying the Reserve Bank of the intended acquisition or business combination, the bank provided the Reserve Bank with the information required under the Reserve Bank of New Zealand Banking Supervision Handbook document “Significant Acquisitions Policy” (BS15) dated December 2011; and
  - (iii) the Reserve Bank has given the bank a notice of non-objection to the significant acquisition or business combination.

For the purposes of this condition of registration, “qualifying acquisition or business combination”, “notification threshold” and “non-objection threshold” have the same meaning as in the Reserve Bank of New Zealand Banking Supervision Handbook document “Significant Acquisitions Policy” (BS15) dated December 2011.

15. That, for a loan-to-valuation measurement period ending on or after 30 November 2023, the total of the bank’s qualifying new mortgage lending amount in respect of property-investment residential mortgage loans with a loan-to-valuation ratio of more than 65%, must not exceed 5% of the total of the qualifying new mortgage lending amount in respect of property-investment residential mortgage loans arising in the loan-to-valuation measurement period.
16. That, for a loan-to-valuation measurement period ending on or after 30 November 2023, the total of the bank’s qualifying new mortgage lending amount in respect of non property-investment residential mortgage loans with a loan-to-valuation ratio of more than 80%, must not exceed 15% of the total of the qualifying new mortgage lending amount in respect of non property-investment residential mortgage loans arising in the loan-to-valuation measurement period.
17. That the bank must not make a residential mortgage loan unless the terms and conditions of the loan contract or the terms and conditions for an associated mortgage require that a borrower obtain the registered bank’s agreement before the borrower can grant to another person a charge over the residential property used as security for the loan.

In these conditions of registration,—

“banking group” means Bank of Baroda (New Zealand) Limited (as reporting entity) and all other entities included in the group as defined in section 6(1) of the Financial Markets Conduct Act 2013 for the purposes of Part 7 of that Act.

“generally accepted accounting practice” has the same meaning as in section 8 of the Financial Reporting Act 2013.

In these conditions of registration, the version dates of the Reserve Bank of New Zealand Banking Prudential Requirement (BPR) documents that are referred to in the capital adequacy conditions 1 to 1C, or are referred to in turn by those documents or by Banking Supervision Handbook (BS) documents, are—

BPR document	Version date
BPR100: Capital adequacy	1 October 2021
BPR110: Capital definitions	1 October 2023
BPR120: Capital adequacy process requirements	1 October 2023
BPR130: Credit risk RWAs overview	1 October 2023
BPR131: Standardised credit risk RWAs	1 April 2024
BPR132: Credit risk mitigation	1 October 2023
BPR133: IRB credit risk RWAs	1 October 2023
BPR134: IRB minimum system requirements	1 July 2021

BPR151: AMA operational risk	1 July 2021
BPR160: Insurance, securitisation, and loan transfers	1 July 2021
BPR001: Glossary	1 October 2023

In conditions of registration 15 to 17,—

“loan-to-valuation ratio”, “non property-investment residential mortgage loan”, “property-investment residential mortgage loan”, “qualifying new mortgage lending amount in respect of property-investment residential mortgage loans”, “qualifying new mortgage lending amount in respect of non property-investment residential mortgage loans”, and “residential mortgage loan” have the same meaning as in the Reserve Bank of New Zealand document entitled “Framework for Restrictions on High-LVR Residential Mortgage Lending” (BS19) dated October 2021:

“loan-to-valuation measurement period” means a period of six calendar months ending on the last day of the sixth calendar month.

## 7. Pending proceedings or arbitration

On 28 April 2023, Fitch released a new rating on ex-government support or xgs ratings whereby it has accorded Long Term IDR (xgs) rating of BB-(xgs) to the Bank

On 31 August 2023, Fitch has reaffirmed the rating of the Bank at BBB- with outlook stable.

On 16 April 2024, Fitch has reaffirmed the Long Term Issuer Default ratings (IDRs) at BBB- with outlook stable and the xgs ratings as BB-(xgs).

### 8.2 Applicable ratings scales

Long Term Debt Ratings	Moody's	S&P	FITCH
Highest quality/Extremely strong capacity to pay interest and principal	Aaa	AAA	AAA
High quality/Very strong	Aa	AA	AA
Upper medium grade/Strong	A	A	A
Medium grade (lowest investment grade)/Adequate	Baa	BBB	BBB
Predominately speculative/Less near term vulnerability to default	Ba	BB	BB
Speculative, low grade/Greater vulnerability	B	B	B
Poor to default/identifiable vulnerability	Caa	CCC	CCC
Highest speculations	Ca	CC	CC
Lowest quality, no interest	C	C	C
Payment in default, in arrears – questionable value		D	D

Moody's applies numeric modifiers 1, 2 and 3 to show relative standing within the major rating categories with 1 indicating the higher end of that category and 3 indicating the lower end.

Fitch and S&P apply plus (+) or minus (-) signs to ratings to show relative standing within the major rating categories.

Fitch has recently revised the Bank Ex-Government support Ratings to Banks in Asia-pacific regions whereby ex-government support xgs is added as suffix to the corresponding ratings.

बैंक ऑफ बरोडा Bank of Baroda

This Deed of Guarantee is made on 13<sup>th</sup> August, 2008  
by Bank of Baroda (Guarantor)

### Introduction

At the request of the Bank, the Guarantor has agreed to guarantee all of the indebtedness of the Bank to the Creditors on the terms of this Deed.

### It is agreed

#### 1. Interpretation

1.1

##### Definitions

In this Deed:

Bank means Baroda (New Zealand) Limited (to be renamed Bank of Baroda (New Zealand) Limited);

Creditor means a person to whom the Bank owes indebtedness, including, for the avoidance of doubt, any depositor of the Bank; and

Guaranteed indebtedness means indebtedness of the Bank to the Creditors.

1.2

##### Construction of certain references

In this Deed:

an agreement includes a contract, deed, license, undertaking and other document or legally enforceable arrangement in writing (present and future) and includes that document as amended, assigned, novated or substituted from time to time;

a business day means a day (other than a Saturday or Sunday) on which registered banks are open for general banking business in Wellington and, where payment is required in foreign currency, banks are open for business in the required place of payment;

a consent includes an approval, authorisation, exemption, filing, licence, order, permit, recording and registration;

costs incurred by a person includes all commissions, charges, fees, expenses (including legal fees on a solicitor and own client basis) and taxes incurred by that person;

a guaranteed means a suretyship, the economic effect of which is to assume responsibility for the indebtedness or obligations of another person;

indebtedness includes any obligation (whether present or future, secured or unsecured, joint or several, as principal, surety or otherwise) relating to the payment of money;

the liquidation of a person includes the dissolution, administration, winding-up and bankruptcy of that person and any analogous procedure under the law of any jurisdiction in which that person is incorporated, domiciled, carries on business or has property;

2.

2.1 Headings and the table of contents are to be ignored in construing this Deed.

### Guarantee and Indemnity

#### Guarantee

2.2 The Guarantor unconditionally and irrevocably guarantees to the Creditors due payment by the Bank of the Guaranteed Indebtedness.

#### Payment

2.3 The Guarantor undertakes to the Creditors that if, for any reason, the Bank does not pay to the Creditors when due (whether by acceleration or otherwise) any Guaranteed Indebtedness, it will pay the relevant amount to each relevant Creditor immediately on receiving a written demand from the Creditor accompanied by proof of the relevant Guaranteed Indebtedness.

#### Unenforceability of obligations

As a separate and continuing undertaking, the Guarantor unconditionally and irrevocably undertakes to the Creditors that, should any Guaranteed Indebtedness not be recoverable

बैंक ऑफ बरोडा Bank of Baroda

- (a) a defect in or lack of powers of the Bank or the Guarantor or the irregular exercise of those powers; or
- (b) a defect in or lack of authority by a person purporting to act on behalf of the Bank or the Guarantor; or
- (c) a legal or other limitation (whether under the Limitation Act 1950 or otherwise), disability or incapacity of the Bank or the Guarantor; or
- (d) a liquidation, amalgamation, change in status, constitution or control, reconstruction or reorganisation of the Bank or the Guarantor (or the commencement of steps to effect the same),

It will, as a sole and independent obligation, pay to the Creditors on demand the amount that the Creditors would otherwise have been able to recover (on a full indemnity basis). In this clause, the expression "Guaranteed Indebtedness" includes any indebtedness that would have been included in that expression but for anything referred to in this clause.

### 3. Nature of guarantee obligations

#### 3.1 Liability as sole principal debtor

As between the Guarantor and the Creditors (but without affecting the obligations of the Bank) the Guarantor is liable under this Deed in relation to the Guaranteed Indebtedness as if it were the sole and principal debtor. However, the Bank will be discharged from its obligations in respect of any Guaranteed Indebtedness to the extent of any payment made by the Guarantor in relation to that Guaranteed Indebtedness.

#### 3.2 No discharge

The Guarantor is not discharged, nor are its obligations affected, by:

- (a) any time, indulgence, waiver or consent at any time given to the Bank; or
- (b) an amendment (however fundamental) to, or replacement of, any agreement; or
- (c) the liquidation, amalgamation, change in status, constitution or control, reconstruction or reorganisation of the Bank (or the commencement of steps to effect any of these).

### 4. Payments

#### 4.1 Mode of payments

Each payment to a Creditor under this Deed is to be made on the due date in immediately available freely transferable funds in the manner that the Creditor, by notice to the Guarantor, specifies from time to time.

#### Payments to be free and clear

Each payment by the Guarantor to a Creditor under this Deed is to be made:

- (a) free of any restriction or condition; and

(b) free and clear of and without any deduction or withholding for or on account of tax or on another account, whether by way of set-off, counterclaim or otherwise (except to the extent required by law).

#### 4.3 Reinstatement

If a payment made by the Guarantor to a Creditor pursuant to this Deed is avoided by law:

- (a) that payment will be deemed not to have discharged or affected the relevant obligation of the Guarantor; and
- (b) that Creditor and the Guarantor will be deemed to be restored to the position in which each would have been if that payment had not been made.

#### 5. Assignment

Neither the Guarantor nor a Creditor may assign or transfer any of its rights or obligations under this Deed.

#### 6. Notices

##### 6.1 Addresses and references

Each notice or other communication under this Deed is to be made in writing and sent by SWIFT messaging, personal delivery or post to the addressee at the address, and marked for the attention of the person or office holder (if any), from time to time designated for the purpose by the addressee to the other party. The SWIFT code, address and relevant person or office holder of the Guarantor, and the address and relevant person or office holder of the Bank, is set out in the Schedule.

##### 6.2 Deemed delivery

No communication will be effective until received in legible form.

#### 7. Remedies and waivers

##### 7.1 Exercise of rights and waivers

Time is of the essence in respect of all dates and times for compliance by the Guarantor with the Guarantor's obligations under this Deed. However, failure to exercise, and delay in exercising, a right of a Creditor under this Deed will not operate as a waiver of that right, subject to laws of limitation, nor will a single or partial exercise of a right preclude another or further exercise of that right or the exercise of another right. No waiver by a Creditor of that Creditor's rights under this Deed is effective unless it is in writing signed by that Creditor.

##### 7.2 Remedies cumulative

The rights of the Creditors under this Deed are cumulative and not exclusive of any rights provided by law.

## 8. Miscellaneous

### 8.1 Partial Invalidity

The illegality, invalidity or unenforceability of a provision of this Deed under any law will not affect the legality, validity or enforceability of that provision under another law or the legality, validity or enforceability of another person.

### 8.2 Enforcement by Creditors

For the purposes of the Contracts (Privy) Act 1982, the Guarantor acknowledges and accepts that its obligations under this Deed shall be enforceable by the Creditors.

## 9. Governing law and Jurisdiction

### 9.1 Governing law

This Deed is governed by and is to be construed in accordance with New Zealand law.

### 9.2 In New Zealand

Each of the parties irrevocably and unconditionally agrees that the Courts of New Zealand shall have jurisdiction to hear and determine each suit, action or proceeding (proceedings), and to settle disputes, that may arise out of or in connection with this Deed and for these purposes irrevocably submits to the jurisdiction of those courts.

### 9.3 Service in New Zealand

The Guarantor agrees that the process by which any suit, action or proceeding in New Zealand is begun may be served on it by being delivered to the Bank without prejudice to any other lawful means of service. The address and relevant person or office holder of the Bank is set out in the Schedule.

# Independent Auditor's Report

To the shareholder of Bank of Baroda (New Zealand) Limited

## Report on the audit of the disclosure statement

### Opinion

In our opinion, the accompanying financial statements (excluding supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements) of Bank of Baroda (New Zealand) Limited (the 'Bank') on pages 37 to 74:

- i. give a true and fair view of the Bank's financial position as at 31 March 2024 and its financial performance and cash flows for the year ended on that date; and
- ii. comply with New Zealand Generally Accepted Accounting Practice, which in this instance means New Zealand Equivalents to International Financial Reporting Standards ('NZIFRS') and International Financial Reporting Standards.

In our opinion, the supplementary information (excluding supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements) that is required to be disclosed in accordance with Schedules 4, 7, 13, 14, 15 and 17 of the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order 2014 (as amended) (the 'Order') and is included within notes 33 and 34 of the disclosure statement:

- i. presents fairly the matters to which it relates;
- ii. is disclosed in accordance with those schedules; and
- iii. has been prepared, in all material respects, in accordance with any conditions of registration relating to the disclosure requirements, imposed under section 74(4)(c) of the Banking (Prudential Supervision) Act 1989.

We have audited the accompanying financial statements and supplementary information (excluding supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements) which comprise:

- the statement of financial position as at 31 March 2024;
- the statements of comprehensive income, changes in equity and cash flows for the year then ended;
- notes, including material accounting policy information and other explanatory information; and
- the information that is required to be disclosed in accordance with Schedules 4, 7, 13, 14, 15 and 17 of the Order.

### Basis for Opinion

We conducted our Audit in accordance with International Standards on Auditing (New Zealand) ('ISA's (NZ)'). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Bank in accordance with Professional and Ethical Standard 1 International Code of Ethics for Assurance Practitioners (Including International Independence Standards) (New Zealand) issued by the New Zealand Auditing and Assurance Standards Board and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ('IESBA

Code'), and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Our responsibilities under ISA (NZ) are further described in the auditor's responsibilities for the audit of the financial statements (excluding supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements) section of our report.

Our firm has also provided other services to the Bank in relation to review of the Bank's half-year Disclosure Statement and audit of the Bank's Group Reporting Package for the year ended 31 March 2024. Subject to certain restrictions, partners and employees of our firm may also deal with the Bank on normal terms within the ordinary course of trading activities of the business of the Bank. These matters have not impaired our independence as auditor of the Bank. The firm has no other relationship with, or interest in, the Bank.

## Material uncertainty related to going concern

We draw attention to Note 1 in the financial statements, which indicates that the Bank's parent company, Bank of Baroda, India, has expressed an intention to divest or close the operations of Bank of Baroda (New Zealand) Limited as a part of rationalisation of global presence. As stated in Note 1, these events or conditions, along with other matters as set forth in Note 1, indicate that a material uncertainty exists that may cast significant doubt on the Bank's ability to continue as a going concern. Our opinion is not modified in respect of this matter.

## Materiality

The scope of our audit was influenced by our application of materiality. Materiality helped us to determine the nature, timing and extent of our audit procedures and to evaluate the effect of misstatements, both individually and on the financial statements as a whole. The materiality for the financial statements as a whole was set at \$521,000 determined with reference to a benchmark of the Bank's Net Assets. We chose the benchmark because, in our view, this is a key measure of the Bank's financial strength.

## Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements in the current period. Except for the matter described in the material uncertainty related to going concern, we summarise below those matters and our key audit procedures to address those matters in order that the shareholder as a body may better understand the process by which we arrived at our audit opinion. Our procedures were undertaken in the context of and solely for the purpose of our statutory audit opinion on the financial statements as a whole and we do not express discrete opinions on separate elements of the financial statements

### The key audit matter

### How the matter was addressed in our audit

#### Provision for credit impairment (31 March 2024: \$525,000)

Refer to Note 5 to the disclosure statement.

The expected credit loss ('ECL') provision is a key audit matter owing to the financial significance of loans and advances and the high degree of judgement and complexity involved in estimating the provision.

Our audit procedures included:

- Testing key controls relating to the Bank's lending, credit review and loan monitoring processes, including testing the approval of new lending facilities and review of the provision for credit impairment calculation.
- Provisions for loans identified as impaired (individual provisions)  
Determining high risk criteria that could indicate a loan is at higher risk of being individually impaired, which included those

## The key audit matter

## How the matter was addressed in our audit

Current economic disruption increases the level of judgement and complexity in respect of assessing the impact on the ability of borrowers to repay their loan obligations, security valuation and the underlying assumptions used to estimate these.

There is judgement involved in identifying whether a loan is individually impaired, and if recognised, further judgement with the assessment of expected future cash flows, principally derived from estimating the timing and proceeds from the future sale of the property securing the loans.

For the provision of non-impaired loans, judgement is required to incorporate a forward-looking economic view in the estimation of the collective provision and the probability of default ('PD') in the future and the amount of loss given default ('LGD').

loans with high credit risk due to internal factors specific to the borrower.

Using these high risk criteria, selecting a sample of loans for testing and performing an independent assessment of whether the loan should have a provision for impairment based on the borrowers' payment history and security valuation.

- Provision estimated for the loan portfolio as a whole (collective provisioning)

We involved our technical specialists to develop an alternative comparison ECL model using the observable industry data relating to the probability of default and loss given default. The collective provision derived from the alternative comparison ECL model was compared to the Bank's collective provision to assess if the Bank's collective provision is within an acceptable range.

- Assessing the Bank's significant accounting policies and disclosures in the financial statements against the requirements of the accounting standards.

## Other information

The Directors, on behalf of the Bank, are responsible for the other information included in the Bank's disclosure statement. Other information includes the information required to be included in the Disclosure Statement in accordance with Schedule 2 of the Order on pages 1 to 26 that accompanies the financial statements, and the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements. Our opinion on the disclosure statement does not cover any other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the disclosure statement our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the disclosure statement or our knowledge obtained in the audit or otherwise appears materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

---

## Responsibilities of Directors for the financial statements and supplementary information (excluding supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements)

The Directors, on behalf of the Bank, are responsible for:

- the preparation and fair presentation of the financial statements in accordance with Clause 24 of the Order, NZIFRS and International Financial Reporting Standards;
- the preparation and fair presentation of supplementary information (excluding the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements), in accordance with Schedules 2, 4, 7, 13, 14, 15 and 17 of the Order;
- implementing necessary internal control to enable the preparation of financial statements that are fairly presented and free from material misstatement, whether due to fraud or error; and
- assessing the ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate or to cease operations or have no realistic alternative but to do so.

---

## Auditor's responsibilities for the audit of the financial statements and supplementary information (excluding supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements)

Our objective is:

- to obtain reasonable assurance about whether the disclosure statement, including the financial statements prepared in accordance with Clause 24 of the Order, and supplementary information (excluding the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements), in accordance with Schedules 4, 7, 13, 14, 15 and 17 of the Order as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an independent auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISA's (NZ) will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial statements.

A further description of our responsibilities for the audit of these financial statements is located at the External Reporting Board (XRB) website at:

<http://www.xrb.govt.nz/standards-for-assurance-practitioners/auditors-responsibilities/audit-report-2/>

This description forms part of our independent auditor's report.

The engagement partner on the audit resulting in this independent auditor's report is John Kensington.

# Independent Limited Assurance Report to the shareholder of Bank of Baroda (New Zealand) Limited

## Conclusion on the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements

Based on our limited assurance conclusion, which is not a reasonable assurance engagement or audit, nothing has come to our attention that would lead us to believe that the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements, disclosed in notes 33 and 34 to the disclosure statement, is not, in all material respects disclosed in accordance with Schedule 9 of the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order 2014 (as amended) (the 'Order').

We have reviewed the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements, as disclosed in notes 33 and 34 of the disclosure statement for the year ended 31 March 2024. The supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements comprises the information that is required to be disclosed in accordance with Schedule 9 of the Order.

## Standards we followed

We conducted our limited assurance engagement in accordance with International Standard on Assurance Engagements (New Zealand) 3000 (Revised) *Assurance Engagements other than audits or reviews of historical financial information* and Standard on Assurance Engagements SAE 3100 (Revised) *Assurance Engagements on Compliance*. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion. In accordance with those standards:

- used our professional judgement to plan and perform the engagement to obtain limited assurance that the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements is free from material misstatement and non-compliance, whether due to fraud or error;
- considered relevant internal controls when designing our assurance procedures, however we do not express a conclusion on the effectiveness of these controls; and
- ensured that the engagement team possess the appropriate knowledge, skills and professional competencies.

---

## How to interpret limited assurance and material misstatement and non-compliance

In a limited assurance engagement, the assurance practitioner performs procedures, primarily consisting of discussion and enquiries of management and others within the entity, as appropriate, and observation and walk-throughs, and evaluates the evidence obtained. The procedures selected depend on our judgement, including identifying areas where the risk of material misstatement and non-compliance with Schedule 9 of the Order is likely to arise.

The procedures performed in a limited assurance engagement vary in nature and timing from and are less in extent than for a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.

Misstatements, including omissions, within the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements and non-compliance are considered material if, individually or in the aggregate, they could reasonably be expected to influence the relevant decisions of the intended Users taken on the basis of the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements.

---

## Inherent Limitations

Because of the inherent limitations of an assurance engagement, together with the internal control structure it is possible that fraud, error or non-compliance with compliance requirements may occur and not be detected.

A limited assurance engagement for the year ended 31 March 2024 does not provide assurance on whether compliance with the with Schedule 9 of the Order will continue in the future.

---

## Restriction of distribution and use

Our report is made solely for Bank of Baroda (New Zealand) Limited. Our assurance work has been undertaken so that we might state to Bank of Baroda (New Zealand) Limited those matters we are required to state to them in the assurance report and for no other purpose. We consent to the Reserve Bank of New Zealand ("RBNZ") receiving a copy of our report. No other third party is intended to receive our report.

Our report should not be regarded as suitable to be used or relied on by any third parties other than Bank of Baroda (New Zealand) Limited and the RBNZ ("Recipients") for any purpose or in any context. Any other party who obtains access to our report or a copy thereof and chooses to rely on our report (or any part thereof) will do so at its own risk.

Our report is released to the Recipients on the basis that it shall not be copied, referred to or disclosed, in whole or in part, without our prior written consent.

To the fullest extent permitted by law, none of KPMG, any entities directly or indirectly controlled by KPMG, or any of their respective members or employees accept or assume any responsibility and deny all liability to any party other than Bank of Baroda (New Zealand) Limited for our work, for this independent limited assurance report, and/or for the conclusions we have reached.

---

## Director's responsibility for the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements

The Directors are responsible for the preparation of supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements that is required to be disclosed in accordance with Schedule 9 of the Order, which the Directors have determined to meet the needs of the recipients. This responsibility includes such internal control as the Directors determine is necessary to enable the preparation of the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements that is free from material misstatement and non-compliance whether due to fraud or error.

---

### Our responsibility

Our responsibility is to express a conclusion to Bank of Baroda (New Zealand) Limited on whether anything has come to our attention that the supplementary information relating to Capital Adequacy and Regulatory Liquidity Requirements has not, in all material respects, been prepared in accordance with Schedule 9 of the Order for the year ended 31 March 2024.

---

### Our independence and quality control

We have complied with the independence and other ethical requirements of Professional and Ethical Standard 1 International Code of Ethics for Assurance Practitioners (Including International Independence Standards) (New Zealand) issued by the New Zealand Auditing and Assurance Standards Board, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

The firm applies Professional and Ethical Standard 3, which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our firm has also provided other services to Bank of Baroda (New Zealand) Limited (the 'Bank') in relation to review of the Bank's half-year Disclosure Statement and audit of the Bank's Group Reporting Package for the year ended 31 March 2024. Subject to certain restrictions, partners and employees of our firm may also deal with the Bank on normal terms within the ordinary course of trading activities of the business of the Bank. These matters have not impaired our independence as assurance providers of the Bank for this engagement. The firm has no other relationship with, or interest in, the Bank.

## 1 Statement of accounting policies

The reporting entity is Bank of Baroda (New Zealand) Limited ("the Bank" or "the Company"). The Bank is an FMC reporting entity for the purposes of the Financial Markets Conduct Act 2013 ("FMCA 2013"), registered under the Companies Act 1993 and is incorporated in New Zealand. These financial statements have been drawn up in accordance with the requirements of the Companies Act 1993, the Financial Markets Conduct Act 2013, Financial Reporting Act 2013 and the Registered Bank Disclosure Statements (New Zealand Incorporated Registered Banks) Order 2014 (as amended). They were approved for issue by the Directors on 21 June 2024. The address of its registered office is 114 Dominion Road, Auckland 1446, New Zealand. The Bank provides its products and services to retail and business customers. The Bank is a fully owned subsidiary of Bank of Baroda ("BOB"), an Indian incorporated bank.

The Bank's financial statements have been prepared in accordance with New Zealand Generally Accepted Accounting Practice ("NZ GAAP"). They comply with New Zealand equivalents to International Financial Reporting Standards ("NZ IFRS") and other applicable Financial Reporting Standards, as appropriate for profit-oriented entities. These financial statements also comply with International Financial Reporting Standards.

The Bank has considered the potential impact of financial reporting standards issued but not yet in effect, and has assessed that there is no material impact to the Bank's Disclosure Statement from these standards.

### Statement of compliance and basis of preparation

The financial statements have been prepared under the historical cost convention. The functional and presentation currency is the New Zealand Dollar (NZD) and the figures have been rounded to the nearest thousand, unless otherwise stated.

The financial statements have been prepared on a going concern basis in accordance with historical cost concepts.

In September 2021, the Bank's parent company, Bank of Baroda, India, as a part of rationalisation of global presence, has expressed an intention to divest or close the operations of Bank of Baroda (New Zealand) Limited.

Whilst the process has been initiated, it is in its very early stages and no decisions confirming any divestment or closure have been made.

These events or conditions indicate that there is a material uncertainty that may cast significant doubt on the Bank's long-term continuance. As a result of the material uncertainty the Bank may realise its assets and discharge its liabilities at amounts different from those recorded in the financial statements.

During the period of this process, the parent has agreed to provide necessary financial support for the operations of the Bank. As expressed in their letter of support, the parent has the willingness to provide support. The parent bank has net assets of NZD 18,788 million which shows their ability to provide support. The parent's support will continue from now on until the completion of the divestment or closure process. Consequently, the directors of the Bank consider that the use of the going concern basis of accounting remains appropriate in the preparation of these financial statements and the values assigned to assets and liabilities in the Disclosure Statement represent the best estimate of what they will be settled for.

### Key estimates and judgements

In preparing these financial statements, the Bank has made significant judgements, estimates and assumptions that impact on the carrying value of certain assets and liabilities, revenue and expenses as well as other information reported in the notes.

The judgements made in the process of applying the Bank's accounting policies that have the most significant effect on the amounts recognised in the financial statements, and the estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are identified below.

#### *Recognition of expected credit losses ("ECL") - See note 5 and note 18*

In determining ECL, management is required to exercise judgement in defining what is considered to be a significant increase in credit risk and default events.

While arriving at ECL, management judgement has been applied based on reasonable and supportable information of forward-looking economic factors commensurate with the nature of bank's portfolio of loans.

The methodology for ECL calculations remained unchanged from that applied in the Interim Financial Statements for the six-months ended 30 September 2023. For the year ended 31 March 2023, credit exposures deriving predominant income from travel, tourism, hospitality and transport were classified under Stage Two. However, considering the opening of cross border travel across the world, such exposures have now moved to Stage One, other factors remain unchanged.

# Bank of Baroda (New Zealand) Limited

Notes to the financial statements  
For the year ended 31 March 2024

## Key estimates and judgements (continued)

Three accounts of one customer were classified as Stage Three as at 31 March 2023 which moved to Stage Two during the financial year 2023-24 and again moved to Stage Three as at 31 March 2024. Exposure & provision on loans of this customer as at 31 March 2024 was NZD \$1,997,534 and \$22,728 respectively. Against this, collateral held against the three loans for exposure of NZD \$1,997,534 is in the form of properties worth NZD \$3,450,000.

As at 31 March 2024 the Bank had allowed assistance to one customer by way of conversion of loan to interest only loan for a temporary period for disruption in the project. Such support, by itself, would not automatically result in a significant increase in credit risk warranting movement to Stage Two. Note 5 provides details of the impact of this on the provision for expected credit losses at 31 March 2024.

In determining the provision for expected credit losses as at 31 March 2024, due to the lack of historical default experience, publicly available information was considered while applying default estimates which were also factored for negative outlook on macro-economic factors.

The probability of default, loss given default, and exposure at default assumptions which support the expected credit loss estimate are reviewed regularly in light of differences between loss estimates and actual loss experience.

## Material accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated.

### (a) Changes in accounting policies

There were no changes in accounting policies adopted in the preparation of these financial statements since those applied in the 31 March 2023 financial statements.

### (b) Foreign currency transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the date of the transaction or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the profit or loss.

### (c) Revenue recognition

Revenue is recognised to the extent that it is probable that economic benefit will flow to the Bank and that the revenue can be reliably measured. The principal sources of revenue are interest income, fees and commissions.

#### *Interest income and expense*

Financial instruments are classified in the manner described in the financial assets and liabilities sections below.

For financial instruments measured at amortised cost, interest income and expense is recognised on a time-proportion basis using the effective interest method.

#### *Banking and lending fees*

Fees and direct costs relating to loan origination, financing or restructuring and to loan commitments are deferred and amortised to interest income over the life of the loan using the effective interest method. Lending fees not directly related to the origination of a loan are recognised over the period of service.

#### *Commissions revenue*

When commissions or similar fees are related to specific non-lending transactions or events, they are recognised in the profit or loss when the service is provided to the customer. When they are charged for service provided over a period, they are taken to other income on an accrual basis as the service is provided.

#### *Net foreign exchange gains*

Net foreign exchange gains represent the net amount of foreign exchange gains and losses recognised during the period.

Notes to the financial statements  
For the year ended 31 March 2024

## Material accounting policies (continued)

### (d) Financial assets

#### *Classification of financial assets*

The Bank's financial assets include cash and cash equivalents, balances due from related parties, loans and advances, and other financial assets. The Bank classifies its financial assets as subsequently measured at amortised cost, based on both the business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

A financial asset is classified as measured at amortised cost only if both the following conditions are met:

- it is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and

- the contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

#### *Recognition and measurement*

Regular purchases and sales of financial assets were recognised on the trade-date - the date on which the Bank commits to purchase or sell the asset. Financial assets are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Bank has transferred substantially all risks and rewards of ownership.

### (e) Financial liabilities

Financial liabilities are recognised when an obligation arises and derecognised when it is discharged, cancelled or expired. Financial liabilities are initially recognised at fair value less transaction costs, except where they are designated at fair value, in which case transaction costs are expensed as incurred.

The Bank's financial liabilities include balances due to related parties, deposit and other borrowings, and other liabilities. Deposits from customers cover all forms of funding, and include transactional and savings accounts, term deposits and credit balances on cards. Other liabilities include the accrual of interest coupons and fees payable.

The Bank classified its financial liabilities as subsequently measured at amortised cost, as it has not held for trading or derivative financial liabilities.

### (f) Derivative financial instruments and hedge accounting

In both the current and preceding period, the Bank has not entered into any derivative financial instruments and does not apply hedge accounting to any transactions.

### (g) Expected credit losses

The Bank applies a three stage approach to measuring expected credit losses (ECL) on debt instruments accounted for at amortised cost. Such assets may move through the following three stages based on their change in credit quality since their initial recognition:

#### *Stage 1: 12-months ECL (Stage 1)*

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit impaired upon origination, the portion of the lifetime ECL associated with the probability of default events occurring within the next 12 months is recognised.

#### *Stage 2: Lifetime ECL - not credit impaired (Stage 2)*

For credit exposures where there has been a significant increase in credit risk since initial recognition, but that are not credit impaired, a lifetime ECL is recognised. Lifetime ECL represents the expected credit losses that will result from all possible default events over the expected life of a financial instrument.

#### *Stage 3: Lifetime ECL - credit impaired (Stage 3)*

Financial assets are assessed as credit impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For financial assets that have become credit impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount.

#### *Assessment of significant increases in credit risk*

At each reporting date, the Bank assesses whether there has been significant increase in credit risk since initial recognition by comparing the risk of default occurring over the expected life between that of the reporting date to that of the date of initial recognition.

Notes to the financial statements  
For the year ended 31 March 2024

## (Material accounting policies (continued))

### (g) Expected credit losses (continued)

The Bank assesses whether the credit risk on a financial asset has increased significantly on an individual and collective basis. For the purposes of collective evaluation, financial assets are grouped on the basis of shared credit risk characteristics, taking into account instrument type, internal credit risk rating, date of initial recognition, remaining term to maturity, industry, geographical location of the borrower and other relevant factors.

Regardless of other changes since the origination of the financial asset, it will be considered to have had a significant increase in credit risk where it is more than 30 days past due.

#### *Subsequent improvement in credit quality*

If, in a subsequent reporting period, the credit quality improves and reverses any previously assessed significant increase in credit risk since origination, then the provision for credit losses reverts from full lifetime ECL to 12-months ECL.

#### *Measurement of expected credit losses*

The estimated amount of ECL is measured as the probability-weighted present value of all cash shortfalls over the expected life of the financial asset discounted at its original effective interest rate. The cash shortfall is the difference between all contractual cash flows that are due to the Bank and all the cash flows that the Bank expects to receive. The amount of the loss is recognised using a provision for credit loss allowance.

The Bank considers its historical loss experience and adjusts this for current observable data. In addition, the Bank uses reasonable and supportable forecasts of future economic conditions including experienced judgement to estimate the amount of an expected credit loss. The Bank assesses a range of macroeconomic factors which include, but are not limited to, unemployment, interest rates, gross domestic product, inflation and property prices, and requires an evaluation of both the current and forecast direction of the economic cycle. Incorporating forward-looking information increases the level of judgement as to how changes in these macroeconomic factors will affect ECL. The methodology and assumptions, including any forecasts of future economic conditions are reviewed regularly.

#### *Collective assessment of credit loss allowances*

For collectively assessed provisions, expected credit losses are estimated based on the probability of default, loss given default, and the anticipated exposure at default.

#### *The probability of default ("PD")*

This estimates the likelihood of default occurring (either over the lifetime of the financial instrument, or within 12 months from reporting period).

#### *Exposure at default ("EAD")*

An estimate of the exposure at a future default date, taking into account expected changes in the exposure after reporting date – for instance due to available borrowing facilities.

#### *Loss given default ("LGD")*

This is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the Banks would expect to receive, including cash flows expected from collateral and other credit enhancements.

For credit-impaired financial assets that are assessed on an individual basis, a discounted cash flow calculation will be performed and consider multiple cash flow scenarios. However, no loans have been recognised in this category since adoption of NZ IFRS 9.

Allowance is also made for the expected credit losses arising from undrawn loan commitments available to borrowers, which is recognised within other liabilities.

#### *Default*

In defining default for the purposes of determining the risk of a default occurring, the Bank applies a default definition consistent with the definition used for internal credit risk management purposes for the relevant financial instrument and considers qualitative indicators when appropriate. The Bank applies a presumption that default does not occur later than when a financial asset is 90 days past due, or where it operates outside of agreed facility limits for a period of more than 90 days.

#### *Write-off of financial assets*

Financial assets (and the related impairment allowances) will be written off, either partially or in full, when there is no realistic prospect of recovery. Where loans are secured, this is generally after receipt of any proceeds from the realisation of security. No loans have been written off during the current reporting period.

#### *Purchased or originated credit impaired assets*

The Bank has no purchased or originated credit impaired assets during the current reporting period.

### (h) Asset quality disclosures

#### *Restructured assets*

A restructured asset is any credit exposure for which:

- the original terms have been changed to grant the counterparty a concession that would not otherwise have been available, due to the counterparty's difficulties in complying with the original terms;
- the revised terms of the facility are not comparable with the terms of new facilities with comparable risks; and
- the yield on the asset following restructuring is equal to or greater than, the Bank's average cost of funds, or that a loss is not otherwise expected to be incurred.

Assets acquired through the enforcement of security are those real estate and other assets acquired in full or partial satisfaction of a debt.

#### *Past due assets*

A financial asset is disclosed as a past due asset where a counterparty has failed to make a payment when contractually due, and which is not an impaired asset.

#### *Assets under administration*

An asset under administration is any credit exposure which is not an impaired asset or a past due asset, but which is to a counterparty:

- who is in receivership, liquidation, bankruptcy, statutory management or any form of administration in New Zealand; or
- who is in any other equivalent form of voluntary or involuntary administration in an overseas jurisdiction.

### (i) Taxation

Income tax on the net profit for the period comprises current and deferred tax.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted or substantively enacted as at balance date after taking advantage of all allowable deductions under current taxation legislation and any adjustment to tax payable in respect of previous financial years.

A deferred tax balance is recognised in respect of all temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes, and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at balance date.

A deferred taxation asset is recognised only to the extent that it is probable (i.e. more likely than not) that a future taxable profit will be available against which the asset can be utilised.

### (j) Provisions

A provision is recognised in the balance sheet when: the Bank has a present legal or constructive obligation as a result of past events; it is probable that an outflow of resources will be required to settle the obligation; and a reliable estimate can be made of the amount of the obligation.

### (k) Contingent liabilities and credit commitments

The Bank is involved in a range of transactions that give rise to contingent and/or future liabilities. The Bank discloses a contingent liability when it has possible obligation arising from past events that will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the Bank's control. A contingent liability is disclosed when a present obligation is not recognised because it is not probable that an outflow of resources will be required to settle an obligation, or the amount of the obligation cannot be measured with sufficient reliability.

The Bank issues commitments to extend credit, letters of credit, guarantees and other credit facilities. These financial instruments attract fees in line with market prices for similar arrangements. They are not sold or traded. The items generally do not involve cash payments other than in the event of default. The fee pricing is set as part of the broader customer credit process and reflects the probability of default. They are disclosed as contingent liabilities at their face value. The fair values of guarantees are not considered to be material.

### (l) Leases

Lease liabilities include the net present value of the following lease payments over the lease term:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payments that are based on an index or a rate to the extent that the variable amount is known.

Variable lease payments that are not based on an index or rate are excluded from lease liabilities, and recognised when they become due. There are no residual value guarantees, purchase options or termination penalties relevant to the company's lease obligations.

Extension options, exercisable by the Bank, are included in a number of property leases. Where it is considered reasonably certain these will be exercised they are included within the lease term, which is the case for all such options in the current reporting period. Management considers all facts and circumstances that create an economic incentive to exercise an extension option. The assessment will be reviewed if a significant event or a significant change in circumstances occurs which affects this assessment and that is within the control of the Bank.

The lease payments, over the lease term, are discounted using an estimate of the Bank's incremental borrowing rate for an equivalent asset.

Right-of-use assets arising from lease arrangements are measured at cost comprising the following:

- the amount of the initial measurement of lease liability; and
- any restoration costs (such as make good provisions).

When lease payments are made these reduce the related lease liability; a finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term, on a straight-line basis.

### (m) Dividends

Dividends on ordinary shares are recognised in equity in the period in which they are approved by the Bank's shareholders. Dividends for the year that are declared after the balance date are dealt with in the subsequent events note.

### (n) Cash and cash equivalents

Cash and cash equivalents comprise cash, cash at bank, cash in transit and call deposits due from/to other banks, all of which are used in the day-to-day cash management of the Bank.

### (o) Goods and Services Tax (GST)

The financial statements have been prepared so that all components are stated exclusive of GST except where the GST is not recoverable from the IRD. In these circumstances the GST component is recognised as part of the underlying item. Trade and other receivables and payables are stated GST inclusive. The net amount of GST recoverable from or payable to the IRD is included within these categories. Cash flows in the statement of cash flows include GST.

### Impact of changes in gross carrying amount on ECL

There have been no significant changes in the ECL amount during the year to 31 March 2024, with an increase in ECL amount for Stage Two and Stage Three accounts (recognising lifetime credit losses) offset by decrease in ECL amount for Stage One accounts. Repayments have reduced the level of expected credit losses for those recognising 12 months expected credit losses. As on 31 Mar 2024, one customer is classified as Stage Three which was Stage Three as on 31 Mar 2023 too but was moved to Stage Two during the year. Seven customers having nine advance accounts are classified as Stage Two owing to DPDs beyond 30 days, thereby resulting in an increase in expected credit loss in Stage Two accounts.

## 11 Leases

### Nature and extent of lease activities

The Bank leases properties for operational purposes as its branches. These leases contain a variety of lease terms which typically include rent review (fixed, market and/or CPI) and extension options. Further variable costs due under the lease agreements and expensed in the current period amounted to \$46,000 (2023: \$46,000).

In addition, there are lease costs recognised on a straight-line basis in relation to short-term leases of residential properties, provided as accommodation to certain Bank staff members. Costs amounting to \$161,480 (2023: \$153,000) were expensed during the period. These have been disclosed as employee benefits within note 4.

Total cash outflows related to leases during the period under review amounted to \$527,506 (2023: \$523,000).

## 28 Sensitivity analysis

The table below summarise the post-tax sensitivity of financial assets and liabilities to changes in interest rate and currency risks. The carrying value of the assets and liabilities were used as the basis for the analysis and financial modelling was used to determine the impact on those values of changes in each risk scenario. The sensitivity analysis is performed based on the reporting of interest risk and foreign exchange rates.

## 29 Fair values of financial instruments (continued)

### Fair value estimation

For financial instruments not presented in the Bank's balance sheet at their fair value, fair value is estimated as follows:

#### *Cash and cash equivalents*

For cash assets, the carrying amount is equivalent to the fair value as assets are short term in nature.

#### *Due to/from other financial institutions*

For due to/from other financial institutions, fair values have been estimated using a discounted cash flow model with reference to term deposit fixed interest rate.

#### *Loans and advances*

For variable rate loans and advances, the carrying amount is a reasonable estimate of fair value. For fixed rate loans and advances, fair values have been estimated using a discounted cash flow model with reference to market interest rates and rates of estimated credit losses.

#### *Other financial assets*

For other financial assets, the carrying amount is approximately equal to the fair value.

For fixed term deposits by customers, fair values have been estimated using a discounted cash flow model with reference to market interest rates. For other deposits by customers, such as call and variable rate deposits, the carrying amount is a reasonable estimate of fair value.

#### *Due to/from related parties*

For due to/from related parties, carrying amounts in the balance sheet are a reasonable estimate of fair value for these assets.

#### *Other financial liabilities*

For other financial liabilities, the carrying amount is equivalent to the fair value.

**Level 1** inputs are quoted prices in active markets for identical assets or liabilities that the entity can access at the measurement date.

**Level 2** valuation estimates have inputs that other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

**Level 3** relates to financial instruments valued using valuation techniques where one or more significant inputs are unobservable.

## 30 Credit exposure concentrations

### Credit exposures to individual counterparties

Credit exposure concentrations are disclosed on the basis of actual exposures and gross of set-offs. Peak end-of-day aggregate credit exposures have been calculated using the Bank's Tier One Capital at the end of the quarter.

The number of individual counterparties, excluding connected persons, where the period end and peak end-of-day aggregate actual credit exposures, net of individual credit loss allowances, equalled or exceeded 10% of the Bank's common equity tier one capital was:

	As at 31 March 2024	Peak end of the day between the previous Disclosure Statement and 31 March 2024	As at 31 March 2023	Peak end of the day between the previous Disclosure Statement and 31 March 2023
<b>Number of counterparties without a credit rating:</b>				
- Representing 10-15% of common equity tier one capital	3	5	4	4
- Representing 15-20% of common equity tier one capital	-	-	-	-
- Representing 20-25% of common equity tier one capital	-	-	-	-
- Representing 25-30% of common equity tier one capital	1	1	1	1
- Representing 30-35% of common equity tier one capital	-	-	-	-
- Representing 35-40% of common equity tier one capital	1	1	1	1

Credit exposures to individual counterparties (not being members of a group of closely related counterparties) and to groups of closely related counterparties exclude exposures to connected persons, to the central government or central bank of any country with a long-term credit rating of A- or A3 or above, or its equivalent, or to any supranational or quasi-sovereign agency with a long-term credit rating of A- of A3 or above, or its equivalent. These calculations relate only to exposures held in the financial records of the Bank and were calculated net of individually assessed provisions.

- Representing more than or equal to 60% and less than 65% of common equity tier one capital	-	1	-	-

### Credit exposures to connected persons

The Reserve Bank of New Zealand defines connected persons to be other members of the BOB Group and Directors of the Bank. Credit exposures to connected persons are based on actual credit exposures rather than internal limits. The information on credit exposure to connected persons has been derived in accordance with the Reserve Bank of New Zealand's Connected Exposures Policy (BS8). Peak end-of-day aggregate credit exposures to connected persons expressed as a percentage of Tier One Capital of the Banking Group has been derived by determining the maximum end-of-day aggregate amount of credit exposure over the relevant twelve month period and then dividing that amount by the Bank's Tier One Capital as at the end of the period. The rating-contingent limit, which is applicable to the Bank as at balance date, is 15%. There have been no changes to the limit during the period. Within the rating-contingent limit there is a sub-limit of 15%, which applies to non-bank connected persons. The aggregate credit exposures below have been calculated on a gross basis, net of individual credit loss allowances and exclude advances to connected persons of a capital nature. There are no individual impairment credit allowances against credit exposures to connected persons, nor are there any contingent exposures arising from risk lay-off arrangements to connected persons as at 31 March 2024.

	As at 31 March 2024	Peak end of the day for the year ended 31 March 2024	As at 31 March 2023	Peak end of the day for the year ended 31 March 2023

## 31 Securitisation, funds, management, other fiduciary activities and the marketing and distribution of insurance products

As at balance date, the Bank is not involved in:

- The establishment, marketing, or sponsorship of trust, custodial, funds management and other fiduciary activities; or
- The origination of securitised assets; or
- The marketing or servicing of securitisation schemes; or
- The marketing and distribution of insurance products or conducting business.

## 32 Risk management policies

### 32.1 Credit risk

Credit risk is the risk of loss arising as a result of the diminution in credit quality of the borrower or counterparty and the risk that the borrower or counterparty will default on contractual repayments under an advance.

## 32 Risk management policies (continued)

### 32.1 Credit risk (continued)

#### Credit risk management

The Bank is responsible for implementing and operating within established risk management frameworks and policies and has adapted the Bank's credit risk policy to the Bank's customer and product set.

The Bank has a Credit Committee that specifically oversees and co-ordinates the Bank's credit risk management functions. The Credit Committee has primary responsibility for identifying, measuring and monitoring the Bank's exposure to credit risk. The Credit Committee reports to the Board on credit risk on a quarterly basis.

The Bank has its own credit and lending policy which has been set by the Credit Committee and approved by the Board. Bank officers seek Credit Committee approval before deviating from any lending guideline or policy. Credit approval authorities have been delegated by the Board to lending officers, senior executives of the Bank and the Credit Committee, compliance with these policies is monitored by the Credit Committee and reported to the Board.

The Credit Risk Management Committee of the Bank reviews the aspects related to ECL measurement on a quarterly basis. Senior Management of the Bank reviews the ECL Calculation on a monthly basis.

In issuing credit approval, the Credit Committee takes into account the borrower's credit rating, the type of lending (including margins on advances and the pricing of loans), the security offered, the Bank's single and group exposures (with reference to the Bank's credit exposure ceilings) and the Bank's exposure to capital markets.

The Bank has two key systems for controlling credit risk: credit rating models and credit exposure ceilings.

#### Credit rating models

The Bank assesses risk at the time of appraisal of the loan using its rating model for various types of borrowers. A business portfolio is assessed on a risk rated basis and a consumer portfolio on a scoring basis.

#### Gross loan exposures by internal rating

Internal rating as at 31 March 2024	Gross loan advances	Undrawn facility available to borrower	Performance guarantees
	\$000's	\$000's	\$000's

Internal ratings measure the borrower's credit worthiness across various parameters such as their performance, financial strength, collateral coverage, value of the account, industry performance and market scenario. In the above, AAA ratings represent the strongest rating.

Loans and advances not scored primarily include those which are secured by bank deposits held either by Bank of Baroda (New Zealand) Limited or its parent entity, Bank of Baroda (India).

## 32 Risk management policies (continued)

### 32.1 Credit risk (continued)

#### Credit exposure ceilings

As a means of avoiding concentration of credit risk, the Bank sets ceilings in relation to single/group borrowers, unsecured borrowers and with respect to each industry sector.

#### Credit risk mitigation and collateral

The nature of collateral held for each type of financial asset differs. Cash and cash equivalents are considered zero risk assets and do not have collateral. Amounts due from other financial institutions and related parties are also relatively low risk exposures and are not collateralised.

The Bank uses a variety of techniques to reduce the credit risk arising from its loans and advances. Enforceable legal documentation has established the Bank's direct, irrevocable and unconditional recourse to any collateral, security or other credit enhancements provided.

Housing and other loans for consumer purposes may be secured, partially secured or unsecured depending on the product. Security is typically taken by a fixed and/or floating charge over property, business assets, or other assets. Other forms of credit protection may also be sought or taken out if warranted, such as guarantees from sovereign entities or authorised deposit-taking institutions and overseas banks.

The estimated realisable value of collateral held in support of loans is based on a combination of:

- Formal valuations currently held for such collateral; and
- Management's assessment of the estimated realisable value of all collateral held.

This also takes into account relevant knowledge available to management at the time. Updated valuations are obtained when appropriate. Refer to note 33 for further information.

There is no significant changes in the quality of collateral or credit enhancements held as a result of changes in economic environment in the current period.

Creditworthy customers may also enter into formal agreements with the Bank, permitting both the Bank and the customer to set-off gross credit and debit balances in their nominated accounts. Financial assets subject to offsetting, enforceable master netting arrangements and similar agreements are below:

### 32.2 Market risk

Market risk is the risk that exposure to price movements in financial instruments, arising as a result of changes in market variables, will result in a loss suffered by the Bank. The Bank has an Asset and Liability Committee that is responsible for, among other things, identifying, measuring and monitoring the Bank's exposure to market risk. The Asset and Liability Committee meets on a monthly basis and receives guidance and technical support from staff in the BOB head office. The relevant process for each category of market risk is as follows:

#### *Interest rate risk*

The Bank undertakes interest rate sensitivity gap analysis on a quarterly basis as a means of monitoring interest rate risk. Short term interest rate risk is calculated using the Earnings at Risk tool. The Bank ensures that the tolerance limits in respect of gaps for contractual repricing maturity time buckets are not breached.

#### *Foreign exchange risk*

The Bank undertakes analysis to ensure there are no material open foreign exchange positions through ensuring foreign exchange deposits are matched by corresponding foreign exchange balances held with financial institutions.

#### *Equity risk*

The Bank does not have any equity risk exposure.

### 32.3 Liquidity risk

Liquidity risk occurs when an institution is unable to fulfil its commitment in the time when the commitment falls due. The Asset and Liability Committee is responsible for identifying, measuring and monitoring liquidity risk affecting the Bank, and compliance with the RBNZ's liquidity requirements.

To ensure that adequate liquidity is maintained consistently, the Bank ensures that, in the time buckets of 1 day, 2 to 7 days, 8 to 14 days and 15 to 30 days, the cumulative negative liquidity gap should not exceed 5, 10, 15 and 20 percent of cash flows in the respective periods. The Bank reviews the liquidity position on a daily basis to ensure that the negative liquidity gap does not exceed the tolerance limit in the first four time buckets. In addition, the Bank prepares monthly maturity gap reports and liquidity assessment reports to facilitate an appropriately liquid combination of assets and liabilities.

Liquidity risk is measured by flow approach on a monthly basis through Structural Liquidity Gap reports. Dynamic Gap reports, which, measure liquidity risk on a dynamic basis, are also prepared monthly.

### 32.4 Operational risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events.

The Bank's senior management is responsible for implementing the operational risk management initiatives formulated by the Board. The Bank's senior management may make recommendations to the Board on strategies that may improve the Bank's operational risk profile.

### 32.5 Capital adequacy

The Board and senior management undertake capital planning, in accordance with the Bank's internal capital adequacy assessment policy. As part of the capital planning process, the Board reviews:

- The current regulatory capital requirements of the Bank;
- The targeted and sustainable capital in terms of business strategy and risk appetite; and
- Future capital planning (with a three year outlook).

The capital plan is revised on an annual basis or more regularly, if necessary, to meet the Bank's obligations under Basel III. For further information see note 33.

### 32.6 Reviews of Bank's risk management systems

Bank's risk management policy was reviewed on 30 March 2023 and is valid for two years from that date. No external reviews of this policy have been conducted.

## 32 Risk management policies (continued)

### 32.7 Internal audit function

The Bank utilises services of a chartered accounting firm to carry out internal audit functions as a control measure to enable senior management of the Bank to monitor and review the Bank on an ongoing basis. The Bank is subject to the following internal audit measures:

- A monthly compliance review is undertaken by senior management of the Bank. The purpose of this review is to check and confirm constant and concurrent compliance with all systems and procedures by the Bank; and
- Internal audit carried out by a firm of chartered accountants appointed by Board from time to time.

### Audit committee of the Board

The Bank, in accordance with the fundamentals of corporate governance and in pursuance of the directives of the Reserve Bank of New Zealand, has an Audit Committee of the Board comprising of three directors. A non-executive independent director who is a chartered accountant is the chairman of the committee.

During the year, the Audit Committee of the Board met 4 times.

The main functions of the Audit Committee of the Board are to assess and review the financial reporting system of the Bank to ensure that the financial statements are correct, sufficient and credible. It reviews and recommends with Bank management the half-year/annual financial statements before their submission to the board of directors.

The Audit Committee of the Board provides directions and oversees the operations of total audit functions of the bank, including the organisation, operation and quality control of internal audit and inspection within the Bank and follow up on the statutory/external audit of the Bank.

The Audit Committee of the Board also reviews the adequacy of internal control systems and discussions with the internal auditors/inspectors on any significant finding and follow up action. Further, it reviews the financing and risk management policies of the Bank.

## 33 Capital adequacy

The Bank has 40,000,000 fully paid up ordinary shares (tier one capital) issued at NZ \$1.00 per share on 22 May 2008 (25,000,000 shares) and 20 April 2009 (15,000,000 shares).

BOB is the sole shareholder. Each share confers on the holder the right to:

- one vote on a poll at a meeting of the shareholders on any resolution to:
  - appoint or remove a Director or auditor; or
  - alter the Bank's constitution; or
  - approve a major transaction; or
  - approve an amalgamation under section 221 of the Companies Act 1993; or
  - put the Bank into liquidation;
- a proportionate share in dividends authorised by the Board; and
- a proportionate share in the distribution of the surplus assets of the Bank.

### Other classes of capital instrument

The Bank does not have any other classes of capital instruments in its capital structure.

Regulatory capital adequacy ratios are calculated by expressing capital as a percentage of risk weighted exposures. As a condition of registration, the Bank must comply with the following minimum capital requirements set by the RBNZ:

- Total regulatory capital must not be less than 8% of risk weighted exposures.
- Tier One Capital must not be less than 6% of risk weighted exposures.
- The Common Equity Tier One Capital must not be less than 4.5% of risk weighted exposures.
- Capital must not be less than NZ\$30 million.

The capital adequacy tables set out below summarise the composition of regulatory capital and capital adequacy ratios as at and for the year ended 31 March 2024. The Bank was registered on 1 September 2009 and from the date of registration to 31 March 2024; the Bank has complied with both regulatory and internal capital adequacy requirements.

The Bank has considered other material risks not included below and whether to allocate any capital to cover these risks and concluded that these risks are not significant and have therefore not allocated any capital to cover them.
